## **THIRD UNITED NATIONS CONFERENCE ON THE EXPLORATION AND PEACEFUL USES OF OUTER SPACE**

---

Vienna  
19-30 July 1999

### **Note by the Secretariat**

1. The Space Generation Forum, held within the framework of the Technical Forum of the Third United Nations Conference on the Exploration and Peaceful Uses of Outer Space (UNISPACE III), brought together more than 150 young space professionals from around the world, allowing them to exchange their visions and perspectives for space activities in the twenty-first century and to formulate forward-looking recommendations for consideration by the Conference.
2. The participants conducted their deliberations in the form of theme-oriented discussion sessions, taking into account input from on-line discussions ([www.space-generation.org](http://www.space-generation.org)) and regional conferences held around the world in the months preceding the Conference.
3. The results of the discussions held during the Conference from 20 to 23 July 1999, at the United Nations Office at Vienna, are summarized in the paper annexed to the present note for the information of Member States.<sup>1</sup>
4. Ten out of the 49 proposals contained in the annex have been selected for further consideration and will be submitted to the appropriate Committees of the Conference through the Chairman of the Technical Forum for consideration under the relevant agenda items.
5. The participants at the Space Generation Forum expressed their hope that the annex would be found useful by the participants at the Conference and would contribute to inspire space activities in the twenty-first century.

---

<sup>1</sup> The annex is available in the language of submission only.
