19-30 July 1999

### Note by the Secretariat

#### Corrigendum

Annex, page 11, recommendation 6

- (a) Section entitled "Goal of Recommendation (approx. 40 words):"

Line 2: for the existing text *substitute*

1. Oversight and enforcement for the balanced optimization of multiple interests in space.

- (b) Section entitled "Recommendation (approx. 40 words):", subsection entitled "Operating Principles of the ISA"

- (i) Paragraph 1, last line: *for* multiple interests in space, e.g. science, commerce, security and the environment *read* multiple civil interests in space, e.g. science, commerce and the environment

- (ii) Paragraph 2, second sentence: for the existing text *substitute*

In reaching decisions, the primary objective will be to reach consensus. Where voting is required, a bicameral structure similar to that of the Security Council would be used, factored by national voting representation in proportion to relative national budgetary commitments to space exploration and use.

- (iii) Paragraph 3, last line: *for* respective regulatory and industry roles *read* respective guiding and industry roles
